

Series SAH SMART Air Hood®

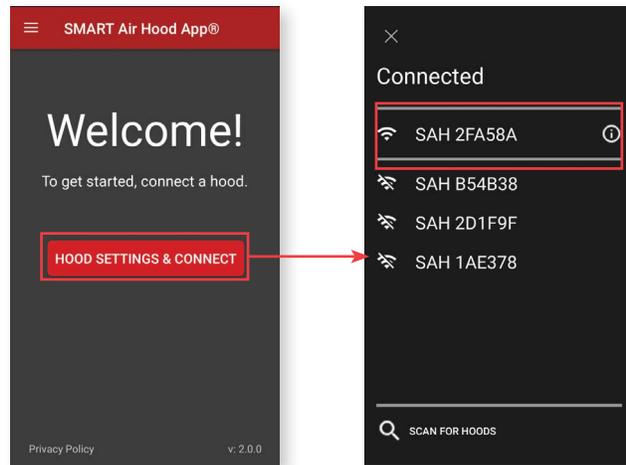

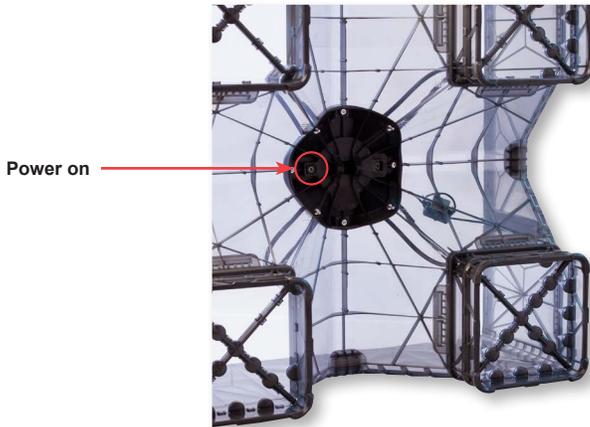

Specifications - Installation and Operating Instructions

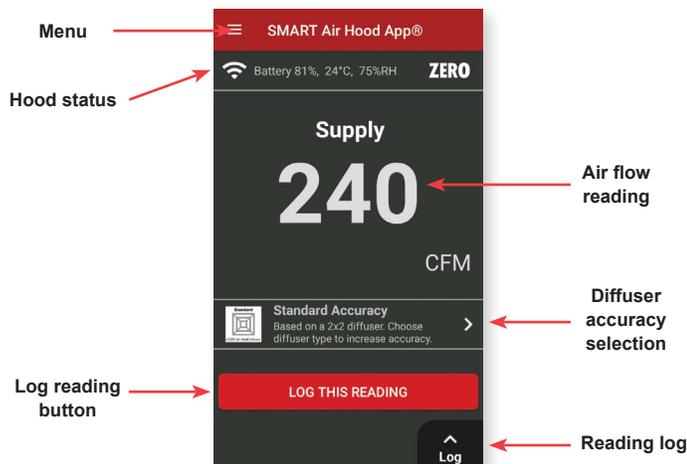

The **Series SAH SMART Air Hood® Balancing Instrument** is the most accurate and easy to operate air flow hood on the market. By using the included hood stand and wireless communications to the handheld, a single operator can balance a branch in less time than traditional balancing teams. Besides being lighter than most traditional capture hoods, the ergonomic design makes the Series SAH easy to maneuver, with less physical stress. The rugged polypropylene base hood features Quad Flow Design Technology for controlling air flow and minimizing back pressure, which yields superior measurement accuracy. The SMART Air Hood® Balancing Instrument includes the SMART Air Hood App®.

CONNECTING

1. Power on Smart Air Hood®
2. Open the Smart Air Hood® app
3. Select hood

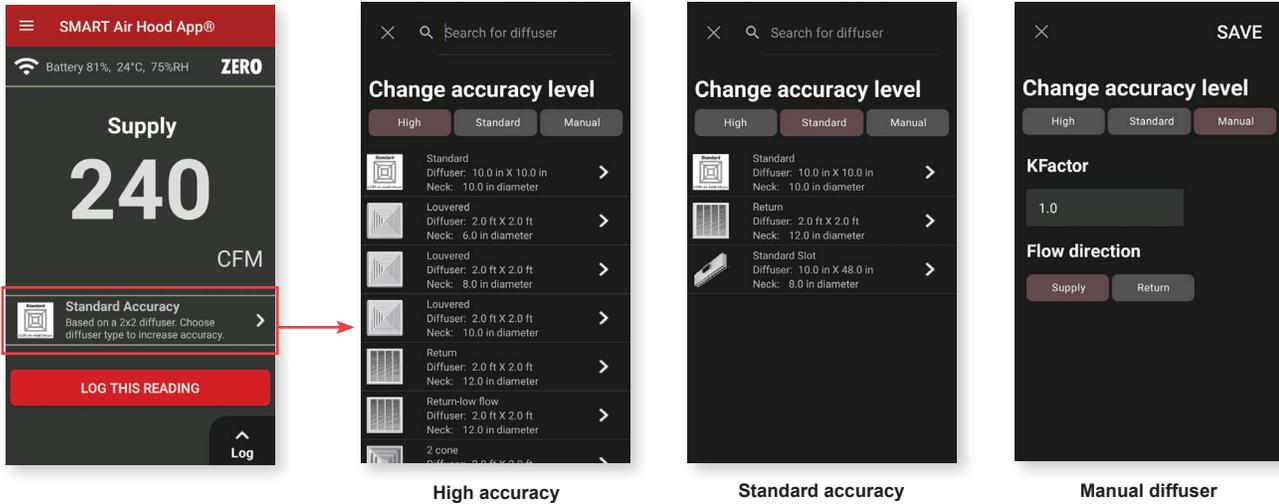

MAIN SCREEN
